

CAHSS & WECAHN

SMALLHOLDER SWINE COURSE 2024 - STATS

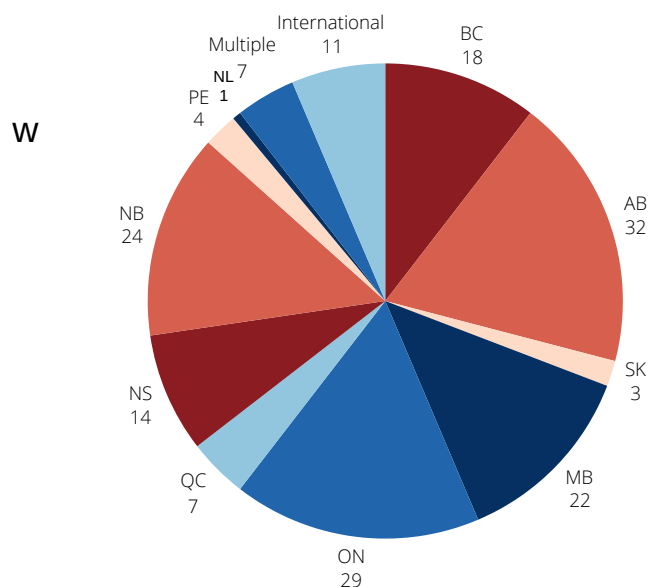

This four part course occurred from January to February 2024 with Dr. Suzanne Burlatschenko. The course was provided to prepare veterinary professionals that provide health services to smallholder swine producers. Topics included: general health and production practices, approaching the sick pig/herd, performing a comprehensive diagnostic workup, vaccination strategies, and more. Recordings from this course are available upon request.
