Speaker: Dr. Emma Gardner**

EMERGENCY MANAGEMENT

PREVENTION | PREPARATION | RESPONSE | RECOVERY

- Our colleagues at the Emergency Management Division participated in a national African Swine Fever preparedness exercise, along with federal, provincial and industry partners.
- The Emergency Management Division supported Incident Command System 100 live webinars led by the Canadian Food Inspection Agency, for participants from Dairy Farmers of Canada

Visit the Emergency Management Division website [HERE!](#)

- Our colleagues at the National Farm Animal Care Council (NFACC) are working on updating the following Codes of Practice - Equine, Beef Cattle, Sheep, Hatching Eggs, Breeders, Chickens and Turkeys, and Pig.
- Listen to the latest *NFACC Conversations* podcast, where Equine Code Committee Chair, Dr. Bettina Bobsien, and Equine Code Scientific Committee Chair, Dr. Kathleen MacMillan tell the story of the equine Code update from their perspectives as core participants in the process.
